What's new with CMC BPW?

We were delighted by the turnout for our first even LUNCHEON meeting, and very pleased to be able to celebrate National Business Women's Week by presenting our Employer of the Year award to Innovative Development LLC.

There are many other programs and projects in the works. At the November meeting, we'll have copies of some of our winning contest entries and will talk about plans for this year...

"Wait! What's all this about contests? Sometimes I hear that we won something but I never knew we'd entered!"

Well, here's your chance to participate!

There are many annual state-wide competitions across our program categories - Issues Management, Legislation, Public Relations, etc., plus some competitions at the district level. It's usually the chair of the committee who puts together the entry to submit in the spring; contest winners are announced at the annual convention in June.

THIS YEAR, there's a special contest that EVERYONE can help with. It's a COLORING CONTEST! Every member may color the BELIEVE BOUQUET in any medium – markers, crayons, paints, oils, chalk, etc. Download it [here](#) to print at home, or grab a copy at the November meeting. Deadline for submission to the district-level competition is March 30. Get your color on, and stay tuned!

At the November meeting, we'll also give a quick overview of the District XI Eleanor Knoke Award competition. Part of this award is based on community service hours of individual members. Please keep track! Download a spreadsheet [here](#).

If you are interested in getting involved in a particular area, let us know! We have openings on committees that support membership, public relations, professional development, the BPW legislative platform, and more! As always, please follow us on [Facebook](#) for the latest!
